

IT in Civil Engineering

Aalborg University

Department of Building Technology and Structural Engineering
Sohngaardsholmsvej 57, DK-9000 Aalborg, Auditorium F108

PROGRAMME

Wednesday June 10, 1998 (for participants from Lund)

Visits to IT environments (20 min/environment)

14.00-14.50 Dept. of Building Technology and Structural Engineering, Sohngaardsholmsvej 57
15.00-16.00 Dept. of Production, Fibigerstræde 16 (Associate professor K. A. Jørgensen)

Thursday June 11, 1998

09.40-10.00 Coffee in the lobby

10.00-10.20 **Welcome and overview of AAU activities**

Finn Kjærdsdam, Dean of the Faculty of Engineering and Science
Palle Thoft-Christensen, Head of Department
Professor Per Christiansson

Presentations from Lund University

10.20-10.40 **The CITU history, resources and general findings**
Skotte Mårtensson

10.40-11.20 **CITU Projects**
The student computent project
IT teachers
LUVIT (Distance education tool)
EVA (Evaluation tool)
Teaching

11.20-11.40 **The Video Studio**
Birgitta Erikson
Studio resources and layout
Experiences from use in teaching and conferencing

11.40-12.00 **KBS-Media Lab**
Per Christiansson,
Fredrik Stjernfeldt
Lab presentation
Knowledge node projects

12.00-12.45 **Lunch at the Canteen, Sohngaardsholmsvej 57**

Presentations from Aalborg University

12.45 - 13.05 IT related Networks at Aalborg University
Bodil Brander Christensen

13.05 - 13.20 IT in Civil Engineering
Per Christiansson

13.20-14.00 **Discussion**

14.10-15.10 **Visits to IT environments** (20 min/environment)

Institute of Electronic Systems, Fredrik Bajers Vej 7 (Flemming B. Frederiksen,
Head of Department)

Visit to one of the research environments of the Institute

Visit to the multimedia project at the Institute

Discussion on dissemination of Information Technology to students and
teachers
